

Year 5 Home Learning - Autumn Term 2019

Science:
Make an orrery using recycled materials and objects.

DT:
Make a spaceship.

DT:
Design a menu for an astronaut.

Music:
Use an app or other program to create a piece of music about space.

Over the course of the term we would like you to complete at least 5 of the activities suggested on this letter. If you can think of an even better one, please come in and discuss it. Use the home-learning book to record your projects but if you make a model bring it in and take a photo for your book.

We recommend reading at home DAILY. When you read to yourself, please make sure you record it in your reading diary.. These are checked regularly and we will be encouraging you to read to yourself, or an adult, as much as possible.

Please continue to practise the spellings from the lists which will be written in the home reading records.

Home-learning projects will need to be completed by 13th December and handed in to share with the class.

Outdoor learning:
Go out on a clear night and watch the stars. Can you name any constellations?

English:
Write a letter to a martian, who lives on another planet, and tell them all about Earth.

Art:
Make a sketch of Chichen Itza

Maths:
Investigate the number system that the Ancient Maya used.

Geography:
Create a holiday brochure for a trip to Tikal in Ancient Maya.

History/DT:
Create something edible using chocolate.
