

Year 4 Spring Term Learning

Welcome to the new Spring term ~ 2018. We have an exciting term planned for you and here is an outline of some of the things you will be learning and finding out about this term

P.S.H.E WE will be looking at dreams and goals and keeping healthy.

R.E: We will be looking at aspects of Ancient Chinese religion including Taoism, Confucianism and Buddhism. Christianity learning will incorporate Shrove Tuesday and the Easter Story.

Science: We will be investigating sound - how it travels in vibrations and how we can control it. We will also be looking at how matter changes between three states - solids liquids and gasses

Computing: We will be creating a 'Wiki' to help record our research about dragons. Children will gain an understanding of how wikis are supported by a community of people and how changes made might not always be reliable!

THREEMILESTONE Primary School

STAR LEARNING

China

This term we will be exploring the culture and history of the Asian Superpower - China.

We will look into their cuisine, culture and significant landmarks. We will be forging links with a school in China through our colleague Mrs Goddard who has moved out to teach in Beijing.

Dragons

Moving on from our work in China, the second half term will look at the myths, legends and artwork surrounding dragons. We will be preparing and performing our production - 'Dragon Days' for a performance on the 1st April.

D.T: We will be looking at the classic ingredients of traditional Chinese cooking - garlic, ginger and spring onions and how to combine them to create a delicious meals!

Art: We will be using the dragon as an inspiration for our artwork this term. We will look at the art of Chinese artist Wu Da Wei and how shades of colour can create mood.

P.E: Children will be taking part in lessons to develop skills in Gymnastics and in Netball. This will involve sessions being taught both inside and out and children will require suitable warm clothing to make they are comfortable.

French: This term's vocabulary will extend the children's understanding of number by examining pocket money, how it's spent and how to count it in French.

Music: We will be learning to recognise the timbre of different instruments and applying different sounds to our own composition.
