

World Cup Homelearning KS1

What would it be like to go on holiday to Qatar?

Create a poster explaining what it would be like to go on holiday to Qatar.
You could include information on:

- The weather - how it changes with the seasons.
- Cities and famous landmarks in Qatar.
- Food and drink
- Different types of landscapes.

Where in the World is Qatar?

- Spend some time locating Qatar on a map or in an atlas.
- Create your own world map showing where Qatar is. Add the capital city and the flag of Qatar too.
- Add labels to show what countries border Qatar.
- Add labels to show where the equator is as well as the northern and southern hemispheres. Add a label to show what continent Qatar is in.
- Add labels for the different seas and oceans close to Qatar.

Where are the World Cup stadiums located in Qatar?

- Locate all of the World Cup stadiums on a map of Qatar.
- Include different satellite and aerial images of each of the stadiums.
- Have a go at describing the location of each of the stadiums using the 4 points of the compass - north, south, east, west.

What would it be like to go on holiday to Qatar?

Create a holiday brochure advertising Qatar and Doha as a holiday destination. You could include information on:

- The weather - how it changes with the seasons.
- Cities and famous landmarks in Qatar.
- Food and drink
- Different types of landscapes
- Religion
- Some of the challenges or issues with being on Doha.

Where in the World is Qatar? Where are the world cup stadiums?

- Spend some time locating Qatar on a map or in an atlas.
- Create your own world map showing where Qatar is. Add the capital city and the flag of Qatar too.
- Add labels to show what countries border Qatar, the equator, the northern and southern hemispheres, the different seas and oceans close to Qatar.
- Have a go at adding grid lines to your map so you can include 4 or 6 figure grid references.
- Why might these locations have been chosen for the stadiums?

Which team has travelled the furthest to be at the World Cup? How far will the English team travel throughout the World Cup?

- Use google maps to calculate the distance the English team will travel throughout the group stages of the World Cup. Hopefully you will be able to calculate the distances all the way up to the final!
- Have a look at the other teams who have qualified for the World Cup. Which teams have travelled the farthest? Which teams have had the shortest journey?
