Substantive knowledge:

Place Knowledge

understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country

Previous learning from Y1: Where is Bethlehem?

City	Country	Continent	Flag
London	England	Europe	
Nairobi	Kenya	Africa	

Nairobi
skyscrapers
hills
National Park
houses & apartments
the time Tower
hotels (tourists)

Climate
warm
significant rainfall

The **landscape** is everything you can see when you look across an area of land, including hills, rivers, buildings, trees, and plants

Food
Nairobi - maize, sweet potatoes,
London - meat, potatoes

The **equator** is an imaginary line around the world which divides the **northern** and **southern** hemispheres

London
sky scrapers
flat
river Thames
hotels (tourists)
Big Ben, Houses of Parliament,
Buckingham Palace

Climate
cool winters
warm summers

Homes
Nairobi - apartments
houses cement and stones (rural Kenya, thatched roofs)
London -

Schools
Free in London and Nairobi
In Nairobi many children do not go to school as helping on the land, and helping families
In London - law to go to school

Geographical Skills

- Look at simple maps and aerial views of a contrasting locality in Kenya, discussing and asking questions about its main features and comparing these with the UK - London and Nairobi
- use world maps, atlases and globes to identify England and Kenya and London and Nairobi
- use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features.

Launch Lesson

- What is a continent? Can you name them all?
- What is an ocean? Can you name them all?
- What is the equator and what is a hemisphere?
- What is the difference between a human and physical feature of a landscape?
