Dear Parents/Carers,

Thank you for taking the time to complete our annual questionnaires of which we had 295 returned (70%). We really value all of the responses which have given us reason to celebrate what we are doing well, as well as providing us with thoughts and ideas about how we might improve.

All answers to the questionnaire will be discussed within our Senior Leadership Team and summarised for our Governors. All responses are taken seriously and if appropriate, the leadership team or class teachers can pick up any specific concerns with you.

There were many, many positive comments praising the commitment and enthusiasm of our teaching staff as well as our support staff, with 97% of parents/carers either agreeing or strongly agreeing that their child feels safe at school and is well looked after, as well as feeling their child is being taught well and the TMS curriculum being exciting, engaging and relevant. 98% of our families believe that their child enjoys learning, which is so exciting to read. 99% of our families strongly agree or agree that the school shares information about what the children are learning effectively.

We are also thrilled that the transition into EYFS was successful, with 100% agreeing or strongly agreeing with this statement. This is a process which we will repeat for this year, so thank you for that feedback.

Areas of the questionnaire which were not as strong, were cohort specific, or groups of children, so we will be addressing those specific areas separately.

Please remember that we would always encourage you to come into school and talk to our staff if there is something urgent which needs addressing, or you have put something on your questionnaire which you feel needs a greater discussion.

Thank you once again for your time,

Ms Teagle  
Headteacher
